

Luxury farm-style living

Nottingham Road – a small country town in the KZN Midlands. Well known for its winter snowfall, to which excited coastal families rush every winter. It's dairy country. Summers bring hot, clear days, with fresh cooling breezes that touch the veld. To add to the perfection, the landscape is endlessly green, slow rolling and folding, smooth grassy hills and sweeping valleys.

It is on this idyllic country spot that Gowrie Farm has been built – a perfect option for those seeking a simple country lifestyle infused with some of the essential elements of modern living. Situated in the heart of the Midlands Meander, Gowrie Farm is surrounded by a wide variety of delightful attractions and outdoor adventures. Some of the finest trout waters are found in this area and the scenery and bird-life are spectacular.

The vision behind Gowrie Farm, designed by Guy Smith, an attorney from Pietermaritzburg, was to retain a working farm with

125 residential sites to which people can escape to experience country life. In 2007, Guy completed the nine-hole golf course. Being passionate about traditional courses, Guy's design of Gowrie Farm Golf Course reflects this in its classic style, with push-up greens and rugged bunkers. Gowrie Farm is a walking course, unlike most modern golf estates, which allows one to enjoy its magnificent setting.

For those wanting to visit this beautiful part of the Midlands, Gowrie Farm also offers a range of delightful holiday accommodation:

GOWRIE FARM GOLF LODGE Above the magnificent stone clubhouse at Gowrie Farm Golf Lodge are five luxury four-star en-suite double bedrooms. This bed-and-breakfast getaway boasts stunning views over the golf course and Clubhouse Lake. Hearty country breakfasts are served on the sunny verandah of the clubhouse and dinners may be enjoyed at any of the delightful local restaurants.

OLD TOM MORRIS COTTAGE This is ideal accommodation for families or a four-ball wanting to enjoy the countryside, with a golf course on their doorstep. This luxury self-catering cottage offers four double en-suite bedrooms and spacious open-plan living, dining, and kitchen areas. The cottage is fully fitted, beautifully appointed, has full DSTV and is serviced daily.

THE FOLIE For the ultimate in luxury, book out The Folie on Gowrie Farm. This contemporary five-star accommodation was designed by one of the country's leading architectural firms, Design Workshop SA. Offering accommodation for eight adults, guests are taken care of by Forman, an outstanding chef who ensures that, aside from enjoying the beautiful setting, his guests' experiences are extraordinary ones.

CHARLES SMYTH COTTAGE In February, Gowrie Farm will be opening its 24-seater conference facility. This will also incorporate four en-suite double bedrooms with stunning views of the surrounding farmlands and golf course. An ideal getaway for executive meetings or conferences.
